

**SURAJ** STEELMET PVT. LTD.

**YOUR PARTNER FOR TURNKEY PIPING PROJECT SOLUTION**

[www.surajsteelmet.com](http://www.surajsteelmet.com)

**"THE BEST BULK  
STOCKIST & SUPPLIER  
FOR YOUR BUSINESS"**

## INTRODUCTION

Suraj Steelmet is proud to introduce ourselves as traders, stockist, exporter of Stainless Steel, Alloy Steel, Carbon Steel in form of Pipes, Fittings, Flanges, Fasteners, valves. We are committed to quality products, at competitive prices, to our precious clients', which has helps us gaining a respectful market image and experience, making us one of the best in the business. We are constantly innovating, listening to the rapidly changing market and giving the consumer the best value for his money. Whether big or small, we respect all our clients and every care is taken to give them a pleasant and hassle-free business experience.

## APPLICATION

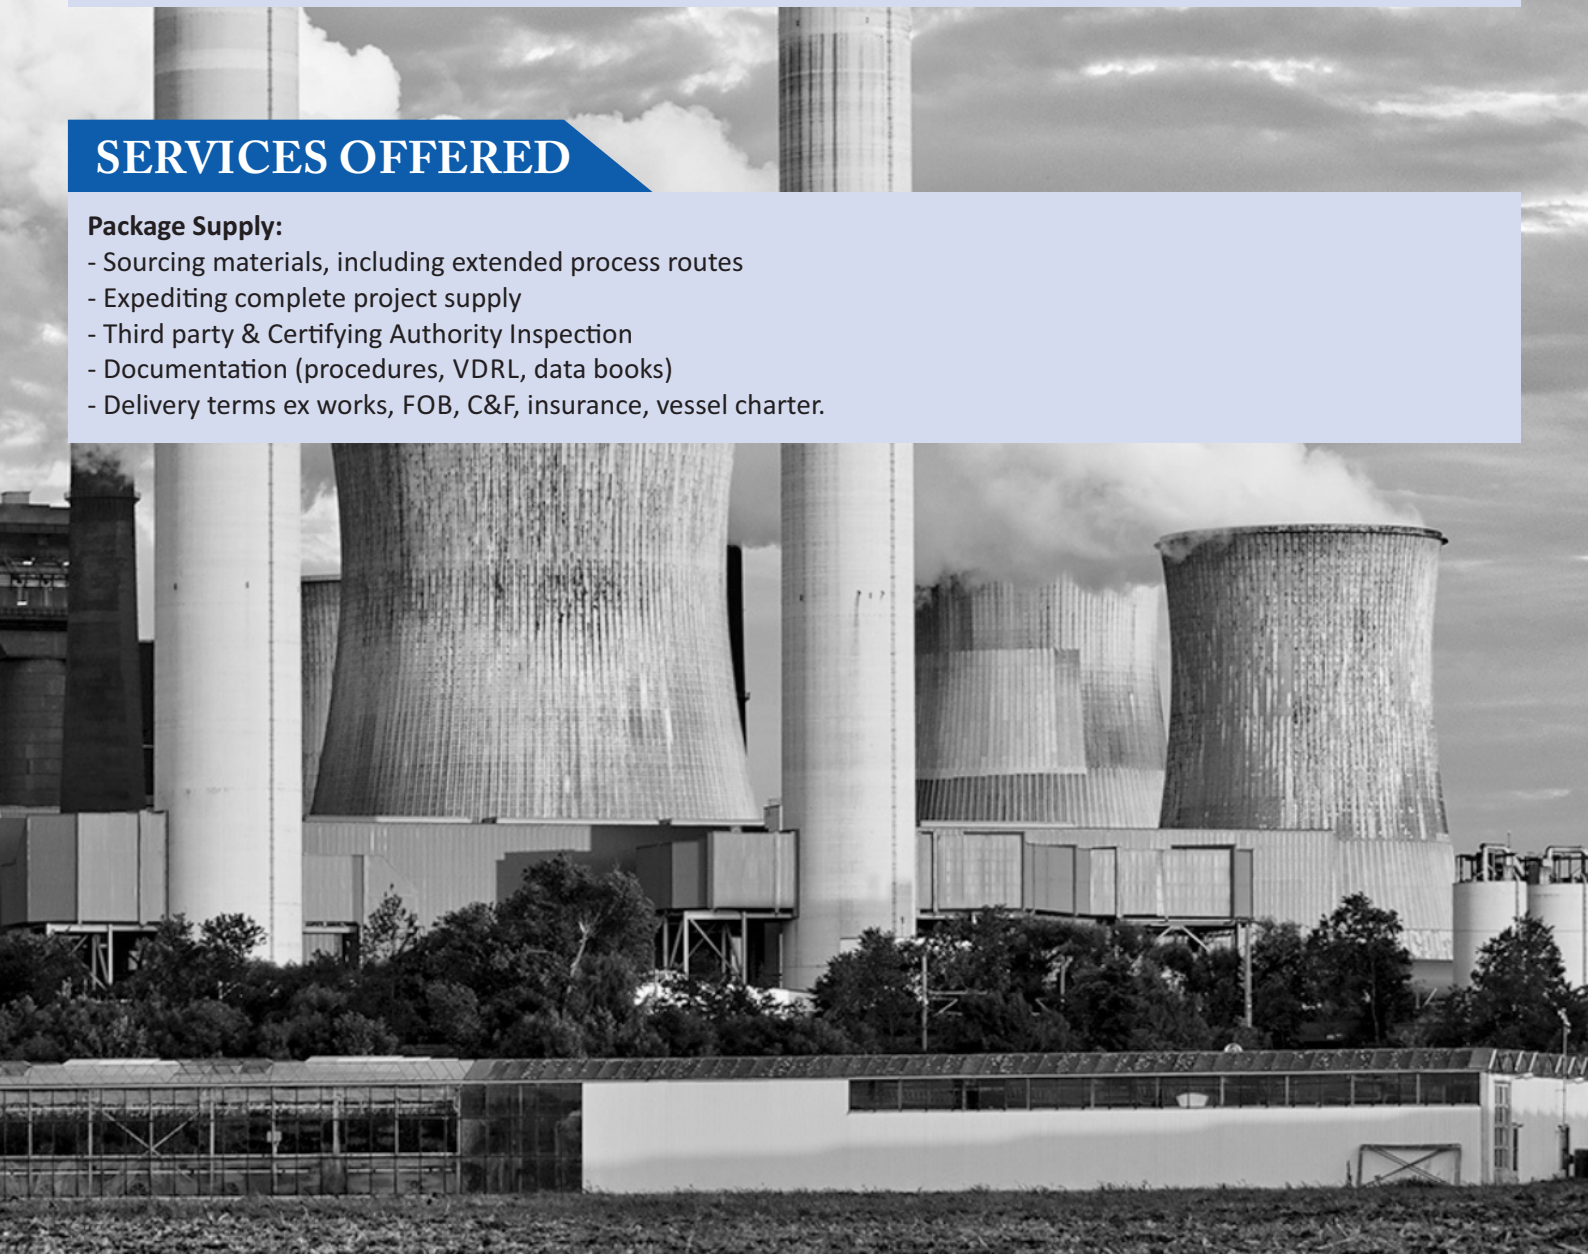

**We deal in products having wide applications in various industries such as:**

Oil Refineries  
Chemical Plants  
Fertilizers Plants  
Petrochemicals Plants  
Sugar Mills Pharmaceuticals Plants  
Textile Machinery  
Industrial Machinery  
Power Industries

## SERVICES OFFERED

**Package Supply:**

- Sourcing materials, including extended process routes
- Expediting complete project supply
- Third party & Certifying Authority Inspection
- Documentation (procedures, VDRL, data books)
- Delivery terms ex works, FOB, C&F, insurance, vessel charter.

**This is a list of typical specifications for various applications. Note that we can source any material in any specification, but these are the most common ones.**

### **PIPES / TUBES :**

Supplier of a wide range of seamless and welded pipes in all grades - carbon steel, alloy steel, stainless steel, duplex, super duplex and higher alloys in sizes from **1/8" to 120" NPS**

### **FITTINGS :**

Supplier of forged and butt-weld fittings in all sizes, grades and construction from **1/2" to 96" NPS.**

### **FLANGES :**

supplier of a wide range of **ASME flanges in class 150 to 2500 and API flanges in class 2000 to 20000.** Flanges such as swivel, orifice assembly, anchor and long weld-neck flanges in standard dimension can also be supplied.

### **VALVES :**

Supplier of gate, globe, check, ball, butterfly valves etc. in all varieties of **carbon steel, stainless steel, duplex and other special alloys.** We also provide hydro testing, valve automation and retrofitting services.

### **STUD BOLTS :**

Supplier of stud bolts for **high temperature and high tensile applications in carbon steel, alloy and stainless steel.** Higher alloys can also be supplied.

## QUALITY

- Our modern warehousing unit has sufficient capacity to store the bulk ferrous & non-ferrous metal pipes, tubes, plates, flanges & fittings. We have experienced inventory managers, who keep complete record of incoming and outgoing products. Moreover, our logistics department is always updated the special packaging requirements for export consignments.
- We offer third party inspection for our products. It could be of client's choice or we arrange the renowned agencies for inspection
- Considering our manpower as the biggest asset, we are empowered with talented manpower who with their professional approach supervises all activities. Committed to meet our client's needs at competitive rates, our experienced personnel are always available to answer any queries about our products. We also provide effective training to our personnel to keep them well aware about the latest developments in our area of operations.

## CAPABILITIES

- Each part of present day society requires the manufacture – and what used to be the work and exchange of the desolate town smithy has developed into a rundown of to a great degree particular procedures and producing capacities, abilities which we here at Suraj Steelmet value.
- Our most importantly skill lies in the providing and sourcing of composites for different businesses, running from substantial gear and motor creation to turbine and vessel creation in the power age and aviation showcases alike. While we have some expertise in warm treatment, materials testing for any flaws, and open-pass on manufacture generation, we likewise offer an extensive variety of composites and producing administrations for any industry and individual need.

## PACKING

- We supply our materials in risk free premium packaging to ensure that the material reaches to customer in safe unharmed condition. Each pipe bundle is tied & protected for stainless Steel pipe surface.
- We are supported by a wide network of transporters, which enables us to deliver the consignment within stipulated time span.
